Dear Attorney General Ashcroft:

I would like to give you my comments on the Microsoft anti-trust case. This three-year case has had a debilitating effect on one of our nation's most outstanding companies, on the nation's technology sector, and on our economy. I recommend that you indorse the proposed settlement plan.

The plan is fair, Microsoft will retain its present corporate configuration and be allowed to become more productive, and the Justice Department will now have an oversight responsibility to ensure that Microsoft does not return to its prior alleged anti-trust activities. Microsoft's competitors will now have access to its technology and Windows platforms. This is a fair and workable compromise.

I believe it's in the best interests of our country to end this litigation. Please work to that end.

Sincerely,

Leon D. Boncarosky
